

MYSCOPE EXPLORE!

myscope-explore.org

FREE ONLINE LEARNING FOR AGES 8+

WITH MICROSCOPE SIMULATOR AND VIRTUAL SAMPLES

Share the wonder of science with interactive experiences based on multi-million-dollar professional microscopes.

Explore a range of samples, from everyday objects and bugs, to forensic evidence. Audio, animations and activities enrich this virtual lab.

- Visualise magnification levels.
- Learn to use a scanning electron microscope (SEM) simulator.
- Capture images in the virtual SEM to save, print or share.
